

KEEP OUR SHIPS ON THE SEVEN SEAS

Importers, exporters, travelers — ship and sail under—the Stars and Stripes

NEW triumphs in steel, steam and electricity have carried the Stars and Stripes back again to the seven seas. On more than fifty trade and passenger routes American owned and operated ships, flying the Flag, are ready to carry your goods, or to carry you, to every foreign land.

They are splendid ships, the pride of American genius, designed and equipped to give the finest passenger comfort, service and safety, and to handle your goods in the most economical way.

HICKSVILLE

Mr. Floyd Holbrook of Garrett, brought his wife back here for burial. She was laid to rest in the home cemetery beside her little boy at the home of her father on Twin Branch.

Rev. Harvey conducted the funeral. We would say to the bereaved husband and children not to weep after wife and mother, but prepare to meet her on the other shore where there is no sickness, pain or death.

Died on 5th of this month, uncle Daniel Young. He was 75 years old and was a good christian man. He told them all was well with him and he was going home.

BUCK SKIN BILL.

THE U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service at big motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

"Fresh, live U. S. Tires come direct to the dealer from his neighboring Factory Branch."

Which one of your neighbors gets the best mileage out of his tires?

EVERY once in a while you hear a motorist say as he kicks a rear tire with an admiring foot, "there's a lucky tire!" Give him a chance and he'll tell you all about it. And then you'll find that what he calls "luck" is simply his first experience with a quality standard tire.

It all comes to this—buy a U. S. Tire anywhere in this country and you get definite, predictable value for your money no matter what weight car you drive.

The man who has been guessing his way through "overstocks," "discontinued lines," "job lots" and the like, will find it refreshing to talk with the local U. S. Tire dealer who is concentrating on a full, completely sized line of U. S. Tires.

For the first time he will hear some straight quality tire facts—and get the difference between chance and certainty in tire buying.

The U. S. Tires he sees in stock are fresh, live tires. They come direct to the dealer from his neighboring Factory Branch.

There are 92 of these Branches established and maintained by the U. S. Tire makers.

Giving your dealer a continuous moving stock of new, fresh tires built on the certainty of quality first every time

"No first experience with U. S. quality standard tires."
